

**Subject:** Application for **Frontend Developer** Role

**Dear Hiring Manager,**

I hope this message finds you well. I am writing to express my enthusiasm for the **Frontend Developer** role at **KreativeStorm**.

As a [GoIT International-certified Fullstack Developer](#), I bring hands-on experience with modern technologies such as **React, Redux, Node.js, MongoDB, Docker and others**. These tools formed the foundation of my Bootcamp training, where I gained practical skills through real-world projects. Additionally, I have developed personal projects that have won competitions, showcasing my ability to deliver innovative and impactful solutions. You can find more details about my work in the attached resume.

My latest fullstack project is:- [Oasis Tasks](#), register and take a look it's truly amazing.

I'm thrilled to see how closely this job's requirements align with my skills and expertise. I am eager to contribute to your team's mission by delivering innovative, high-quality, and user-focused solutions. Furthermore, my background includes a **degree in Computer Engineering**, and I have been actively practising web development and programming since **2017**.

Thank you for considering my application. I would welcome the opportunity to discuss how my skills and experiences align with your team's goals. I am excited about the chance to contribute to your organisation's success and grow as part of your team.

**Warm regards,**
